Please could you check the damage for consistency with the following accident circumstances?

Our client's vehicle was parked on Leicester Road in Shepshed, whilst our client was away on holiday. On this road there is two lanes for traffic in each direction, with cars parked up on the west side, taking up most of one lane. Your insured had turned onto the road from Newlands Avenue, and had swerved out of the way from oncoming traffic, resulting in hitting the front offside of our client's parked vehicle. Your insured and our client's neighbour exchanged details, which was passed onto our client when they returned home.
